EXAMPLE

Animal Number: 09254

Name: Mimi

Breed: Kelpie cross Fox Terrier

Age: 9 months

Size: Small to medium (50cm tall at the withers, and probably won't grow much more)

Suitable for children: She loves children, but would suit children over the age of 8 as she still jumps up when excited

Ideal home: Lulu needs a home where she can be an inside dog and get lots of love and attention (she is happy to be outside while you are at work). She will need a walk every day and someone who will continue with her training - she has already learnt to sit, stay, down, roll-over and high-five. Although she gets on with most dogs, she would prefer a home where she is the only pet.

A bit about me: I have tonnes of personality and my big pointy ears always tell you what mood I'm in! I love playing games with my toys, and my favourite activity is running around with my friends at the dog beach. At the end of the day, I always want to crawl into a lap for a cuddle (even though I'm almost too big for that now!) I am looking for someone who will love me as much as my foster parents do, so please give them a call if you're interested!

LuLu's foster home is in Charlestown

\$300 adoption fee applies and must be paid prior to trial period
