

When completing an inspection consider the individual dog/cat being rehomed.
Any potential problems should be pointed out and fixed before the dog/cat moves in. Common sense is the key!

Discuss any issues with the new owners and keep in mind your knowledge of your foster:
Does the dog/cat jump? Bark? Chew? Dig holes? Need toilet training? Need a lot of space? Require a lot of exercise or attention? Scratch furnitures?

Circle correct answers

1. Where will the dog/cat be during the day? outside inside both
2. Is this area already prepared? Yes No
